DONATION FORM

Hospice At Home Programme needs your help to provide whole person care for our patients

The Hospice At Home Programme (HHP) is a free community service that was initiated in 1992. It is to help care for people with a life threatening illness such as cancer which is the diagnosis in the majority of our patients. This care is given in the homes of the patients by a team consisting of nurses, doctors and lay volunteers. Problems arising from the illness which can be physical (such as pain and other symptoms), psycho-social or spiritual are addressed, thus reducing suffering. At the same time the family is taught simple nursing care, helped to cope with looking after an ill family member as well as given bereavement support.

I would like to make a contribution of RM

By cheque/online banking/money order/postal order attached (No) :
